

District 4**Rafael Sabic**

Area Sales Manager

I was born and raised in San Jose. I graduated from San Jose State University and have resided with my wife and two children in District 4 since 2003. As one of your elected representatives to the Neighborhood Commission since 2009 I have had the pleasure of working with many of you on issues that affect our neighborhoods and communities.

If I am entrusted with the opportunity to serve as your next District 4 City Council Member, you will have elected a leader who will work to develop leadership groups where your questions, concerns and suggestions will be heard and be a part of the decision-making process. I will work to ensure that the City of San Jose is fiscally responsible by having a balanced budget and delivering on core necessary community services and preserving our quality of life. I will also work to re-instate public safety: police, fire, community centers, libraries, anti-gang and graffiti programs as priorities with the City of San Jose.

I appreciate your support in my bid to become your next District 4 City Council member.
